Dr. Tan Tze Lee is a family physician in Singapore, and Adjunct Assistant Professor in Family Medicine at the Yong Loo Lin School of Medicine and the Duke-NUS Graduate Medical School. He is the President of the College of Family Physicians, Singapore, and Vice President of the COPD Association, Singapore. He has special interests in chronic illnesses, like asthma, COPD, hypertension, diabetes mellitus and hyperlipidaemia. He is first Vice President of the Singapore Medical Association and is an advocate for primary care research and care integration.

SPEAKER

DR. AKASH VERMA

MBBS, MD, MRCP, FAMS, FRCP

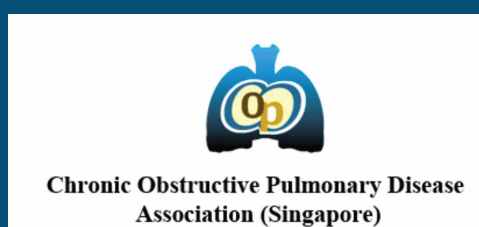

Dr. Akash Verma is a lung specialist at Chestmed, with a Sub-specialty interest in Interventional Pulmonology & lung cancer with blockages in the wind pipes. Formerly a senior consultant in respiratory medicine at Tan Tock Seng Hospital (TTSH), he is trained in both flexible and rigid bronchoscopy with techniques of laser resection of lung cancer, silicone airway stenting, pleuroscopy and navigation bronchoscopy.

He undertook initiatives such as formation of dedicated lung cancer clinic and increased utilization of ultrasound guided and rigid bronchoscopy techniques with the emphasis on provision of safe & timely diagnosis with comfort.

Dr. Akash is widely published, having authored over 40 peer-reviewed scientific papers to date.
